SDI-12 Support Group News

Firms that make SDI-12 products are located in Australia, Brazil, Canada, China, across Europe, India, New Zealand, Singapore, and the United States. Since March of 2012, the SDI-12 Specification has been downloaded or viewed over 16,000 times from www.sdi-12.org. The web-site averages over 1000 unique visitors each month. The SDI-12 Support Group continues to maintain the standard and to provide technical help with the standard. All indications are that SDI-12 continues to have world-wide support.

We do, however, need your financial support. In the past two years we did not solicit for dues other than posting a request for dues on the web-site. Although the web-site is popular, dues payments declined significantly. The receipt of dues is the only source of income for the SDI-12 Support Group.

2015 Dues

We are now requesting dues payments in the amount of \$300.00 (United States Dollars, USD) for the remainder of 2015. Your dues payment of \$300.00 would be most appreciated. Your dues help to promote SDI-12 and to maintain the specification.

If you are not currently a member of the Support Group, please join us. Upon receipt of your dues, your company will be listed as member on our web-site, your company will have a vote on any proposed changes to the specification, and your company may propose changes to the specification.

A dues payment form is included with this newsletter.
